

CODES AAC Activity of the Week

Colourful Washing Line

Make a washing line by tying string across 2 chairs. Collect different clothes from around the house of different colours. Mix them up in a pile on the floor or laundry basket. Make sure you have plenty of clothes pins to hang up the clothes.

- ★ Your child can use their communication system to choose which colour item of clothing goes on the washing line.
- ★ Ask them Which colour should I hang up next?
- ★ They could just give you a one word answer like “red” or prompt them to put two words together. For example, “red shirt”.
- ★ Encourage your child to chant “hang it up, hang it up” by pressing that button on their device.

Symbols and vocabulary you will need: red, blue, yellow, green, black, white, shirt, trousers, pants, hang it up
